Kindergarten Magic: ECE Curriculum Development

An opportunity for teachers of young children to focus on the artistry and essential skills of being a preschool or kindergarten teacher. Movement, story, song, crafts, puppetry, circle time, and painting are explored as part of the early childhood curriculum. Students create an environment for each other to work with those skills and discover their own creative impulse in relationship to sharing the magic, while learning to develop an early childhood curriculum. Prerequisite: EDU245

Course Number: EDU310
Unit: 3.0
Program: Early Child. Education
