Contact Improvisation

Contact Improvisation is the spontaneous dance of two or more people moving together while maintaining a physical connection and releasing into the flow of natural movement. The class follows a general progression of Contact Improvisation skills, such as rolling, falling, taking and giving weight, playing with momentum and gravity, discovering ledges and levels, and exploring different depths and textures of touch. Skills in individual, partner, and group dances are developed. Both beginners and more experienced contact improvisers are welcome.
