Field Placement

Students engage in an approved community-based volunteer project. Lectures, dialogue, guest speakers, and experiential activities support students in developing their own vision of socially relevant community-based learning that is culturally sensitive and nurtured by contemplative practice. Students hone previously learned skills in diversity and contemplative practice and apply these to real-world settings. Corequisite: PSYB415. Course fee.

Course Number: PSYB425
Unit: 3.0
Program: Psych - BA Contemplative
