MDiv Capstone Seminar

This course is designed to prepare the Master of Divinity students to undertake the writing of a capstone project required by the program. This final, integrative project offers students an opportunity to integrate assessments and course-work experiences during their matriculation in the MDiv program, and to construct a theological worldview within the professional field of chaplaincy and/or spiritual leadership. This capstone project is intended to not only draw from the full range of MDiv course materials and experiences, but is also designed to encourage students to place their constructive work in conversation with literature and research in their respective field[s]. Transpersonal, contemplative, feminist, action/participant, social change, and intuitive inquiry are also explored.
