

Senior Project

The Senior Project course is a capstone project-based course in which students demonstrate their cumulative knowledge, skills, and abilities in a specific environmentally based research project. Students meet in a course format and work independently and collectively on a research project. Students are expected to follow guidelines for the research project and meet specific course criteria. Required for ENV majors.

Course Number: ENV480

Unit: 3.0

Program: UNDG Envrnmntl Studies
