

Diversity Seminar

The Diversity Seminar emphasizes the development of knowledge, critical thinking, analytical skills, and interpersonal and intergroup interactions necessary for living and working in a society characterized by diversity. Students engage in inquiry and analysis of the complexities of multiple and competing theories of race, class, gender, ethnicity, disability, age, sexuality, nationality, and religion, and how they shape and are shaped by social and cultural life in the United States. Through diversity and contemplative education, students can awaken a greater understanding of others, and develop self-understanding and understanding of self in relation to others, in order to promote ethical behaviors and values that support a diverse world.
