Writing Workshop: Poetry

This is a workshop, i.e. a place of production, where constructive advice on, and criticism of, the works produced by the participants is given by both the instructor and the participants themselves. While producing new and original work, the participants acquire a sense of how to talk about their own, and others', poetic writings. Materials include poetry and considerations of poetry, and we look at and discuss the work of both modern and postmodern authors along with participants' writing. Prerequisites: COR115 and WRI234.
