

Initiatory Contemplative Ecopsychology Intensive

This first intensive course introduces MA Ecopsychology students to the program and the field. It provides the opportunity for learning community building, and face-to-face instruction in ecopsychological, transpersonal, and contemplative practice processes such as nature connection exercises, ritual, meditation, and the application of topics that will appear in the coming online courses. Students are expected to prepare for the course prior to attending, and to complete a written assignment afterward. Fee for meals and lodging.
