

Power, Privilege, and Diversity

An examination of the nature of the human group-field. Of particular concern is how human groups create both helpful and harmful conditions in the world. This class provides the theoretical underpinnings of the group-field, including living systems theory, group dynamics, liberation theory, conflict theory, and healthy communication models such as mediation and nonviolent communication. Woven throughout is a focus on the dynamics of privilege, power, and diversity, and group-field process work as a way to engage group life.
