

## Spanish I

This course introduces students to the Spanish language and is designed for students with no or minimal previous background in spoken or written Spanish. Students in this course focus on learning essential vocabulary, practicing pronunciation, and understanding simple grammatical structures. This knowledge prepares students to effectively communicate in Spanish on a limited range of topics related to everyday situations. Students practice listening and speaking in real-life situations and examine how culture and language interact in South America. In-class activities and course assignments aim to assist students as they develop the oral proficiency and confidence necessary to initiate simple conversations. Out-of-classroom experiences such as field trips and guided interactions with native speakers supplement formal classroom instruction and provide ample opportunities for practical engagement. In addition, language skills gained in this course support students to deepen participation in other program and academic activities such as homestays and the Independent Study Project.

Course Number: SPAN150

Unit: 4.0

Program: UNDG Study Abroad
